We all know that relationships are important in people's recovery in mental health. But the big question is - how can we support relationship development for people? Today we will hear some people share anecdotes and examples of very practical things they have done for themselves or others to work towards inclusion. We will listen, discuss and learn from these significant stories that are occurring right now in our localities. The workshop - facilitated by Neil Barringham - will touch on strategy as well as values; on imagination and structure; on spontaneity as well as planning.

We will hear stories, meet others, hear of upcoming events and enjoy afternoon tea (bring something to share if you can).

No RSVP required. The workshop is free.

Questions: Call A Place to Belong office on 3217-2522.
